DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 17, 18, 19 and 22 are rejected under 35 U.S.C. 102(b) as being anticipated by Pulver (6,131,679).

Pulver discloses a power wheelchair comprising:

a frame 10;

a pair of drive wheels;

two drive assemblies including a motor and a transmission 12 wherein each drive assembly rotates about its axis of rotation and is pivotally attached to the frame and extends rearwardly from the pivot at an upward angle with respect to the plane of the ground surface;

a motor support bracket 44, pivotally attached to the frame via 42;

a spring suspension assembly;

an idler wheel 32; and

an anti-tip wheel 72.

Pulver also teaches a strut 46 attached at one end to the bracket and at an opposing end to the frame, biasing the movement of the drive wheels about a pivotal mounting.

The pivotal attachment of the drive assembly to the frame permits the moment create by the torque of the drive assembly in driving the respective drive wheel to rotate the anti-tip wheel about the pivotal mounting.

Allowable Subject Matter

3. Claims 1, 2, 5-12 and 14-16 are allowed.
4. Claims 20 and 21 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

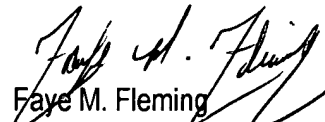

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
